INVENTION ---.

In The Claims

Amend the PCT Article 19 claim amendments as follows:

- B6
4. (Amended) A process according to claim 1 or 2, characterized in that water and oxygen are recycled.
5. (Amended) A process according to claim 3, characterized in that a percentage of N₂ and CO₂ of 75 to 85 and 15 to 25%, respectively, is obtained, such that the sum of both results in 100%.
6. (Amended) A process according to claim 3, characterized in that part of effluences discharged from a chimney is taken in order to augment the concentration of N₂ of the injection gases.
7. (Amended) A process according to claim 1 or 2, characterized in that emission gases produced by combustion of materials selected from the group consisting of fossil fuel or alternative fuels including waste tires and waste wood, and combinations thereof, are used.

Cancel claim 9.

Add the following new claims:

10. (New) A process according to claim 3, characterized in that water and oxygen are recycled.

11. (New) A process according to claim 5, characterized in that water and oxygen are recycled.

12. (New) A process according to claim 6, characterized in that water and oxygen are recycled.

13. (New) A process according to claim 6, characterized in that a percentage of N_2 and CO_2 of 75 to 85 and 15 to 25%, respectively, is obtained, such that the sum of both results in 100%.

14. (New) A process according to claim 13, characterized in that water and oxygen are recycled.

See the attached Appendix for the changes made to effect the above changes.
